MEMORANDUM TO THE BOARD OF UNIVERSITY AND SCHOOL LANDS

September 09, 2020

RE: **Wilkinson Litigation**
(No Action Requested)

Case: **William S. Wilkinson, et. al. v. Board of University & School Lands, Brigham Oil & Gas, LLP; EOG Resources, Inc.; Case No. 53-2012-CV-00038**

Date Filed: **January, 2012**

Court: **Williams County District Court**

Judge: **Paul Jacobson**

Attorney: **Jennifer Verleger/Matthew Sagsveen/David Garner**

Opposing

Counsel: **Josh Swanson/Rob Stock, Lawrence Bender, Lyle Kirmis**

Issues: The Wilkinson lawsuit was filed on January 10, 2012. The Plaintiffs assert that they own minerals in a 200 acre tract west of Williston. This suit was initially filed in state court as a quiet title action. The Attorney General's Office filed an Answer and Counterclaim on February 27, 2012.

On July 1, 2014, the Plaintiffs filed an amended complaint in the case and added claims of unconstitutional takings, conversion, constructive trust and unjust enrichment, civil conspiracy and deprivation of rights under 42 U.S.C. § 1983. Plaintiffs assert in their amended complaint that the Board should be issuing leases on the west side of the Highway 85 bridge pursuant to the Phase II Investigation – the estimated location of the ordinary high watermark (OHWM) prior to inundation of Lake Sakakawea – rather than the Phase I Delineation – current location of the OHWM. Plaintiffs argue that the subject property is located under Lake Sakakawea, which did not exist at statehood, and thus the state did not acquire title to it as sovereign lands. Therefore, the State's title to the Missouri River is limited to the channel as it existed prior to inundation of Lake Sakakawea as determined by the Phase II investigation.

In January of 2016, the State Engineer sought and was granted intervention. A joint motion for summary judgment was filed by the Board and the State Engineer on March 1, 2016. On May 18, 2016, the district court granted the motion for summary judgment finding that: (1) the subject property is located along the Missouri River, which is no doubt navigable; (2) The Phase I Delineation should be used to determine the OHWM for the subject property rather than the Phase II Investigation, and therefore the property is determined to be sovereign land of the state of North Dakota; (3) to the extent Plaintiffs are aggrieved by the Phase I Delineation, they must exhaust their administrative remedies through the State Engineer before making a claim in district court; and (4) there are no grounds to support Counts II through VII. Plaintiffs filed a notice of appeal on June 1, 2016. Both EOG Resources, Inc. and Statoil Oil and Gas LP filed cross-appeals.

On September 28, 2017, the North Dakota Supreme Court reversed the district court's decision and remanded the case back to the district court. The Supreme Court held that:

1. Surface ownership could not be determined without the United States as a party to the action;

2. N.D.C.C. ch. 61-33.1 has a retroactive clause and the district court did not have an opportunity to determine if it applies and governs ownership of the minerals at issue;
3. A “takings” analysis must be conducted if the district court determines the State owns the disputed minerals; and
4. The district court erroneously made findings of disputed fact.

History:

Due to the passage of S.B. 2134, the District Court ordered the case stayed and all deadlines be held in abeyance until the final review findings under S.B. 2134 are issued by the North Dakota Industrial Commission (NDIC). Plaintiff, after NDIC issued the review findings, requested a status conference with the Court to set a new trial date and other deadlines. The Board and State Engineer filed a Motion for Continued Stay of Proceedings on October 11, 2018. The telephonic status conference scheduled for November 2, 2018 was cancelled. A Hearing on the Motion for Continued Stay was held November 30, 2018. Defendants submitted a proposed Order and the Judge asked for Plaintiffs to submit a proposed Order, which was filed December 4, 2018. The Court issued its Order on December 12, 2018, denying the Motion for Continued Stay and requiring the parties confer on a scheduling order and submit a Rule 16 scheduling order by January 26, 2019. The State filed a Motion for Proposed Scheduling Order on January 28, 2019, and Plaintiffs filed a notice of hearing on January 31, 2019, and filed their Response to State’s Motion for Proposed Scheduling Order and Plaintiffs’ Request for Rule 16(F) Sanctions on February 1, 2019. State Defendants filed a Reply Brief in Support of Motion for Proposed Scheduling Order on February 8, 2019. Statoil & Gas LP filed a Response to State’s Motion for Proposed Scheduling Order and Plaintiff’s Proposed Scheduling Order on February 11, 2019. Plaintiffs scheduled a hearing in District Court on the Motion for Scheduling Order which was held March 5, 2019, at 2:00 p.m. The District Court didn’t rule on the scheduling motions but granted Plaintiffs’ request to file a motion for Summary Judgment within 30 days of the hearing. On April 15, 2019, Plaintiffs’ filed with the District Court a Notice of Motion, Motion for Summary Judgment, Brief in Support of Motion for Summary Judgment, Affidavit of Joshua Swanson, Notice of Hearing (requesting a hearing be held at the earliest possible date available on the Court’s calendar), and proposed Order Granting Plaintiffs’ Motion for Summary Judgment. On April 17, 2019, Plaintiffs’ filed a Notice of Hearing scheduling a hearing for 2:00 p.m. on July 30, 2019 before the Honorable Paul W. Jacobson, at the Williams County Courthouse, Williston. The parties entered into a Stipulation Extending Time to Respond to Plaintiffs’ Motion for Summary Judgment and Plaintiffs’ Time to Reply which was entered May 1, 2019. The Order Extending Time to Respond was entered May 2, 2019, extending Defendants’ time to respond to June 14, 2019, and extending Plaintiffs’ deadline to file reply to July 1, 2019. On June 10, 2019 Statoil & Gas LP filed its Opposition to Plaintiffs’ Motion for Summary Judgment. Also, on June 10, 2019, the Stipulated Motion to Dismiss Defendant XTO Energy Inc. was filed in which Plaintiffs, Cross-claimant EOG, and Defendant XTO stipulated and requested the Court dismiss XTO from the action with prejudice and without costs and disbursements to any party, as it holds no ownership interest in, right to, claim or title to any mineral interests as alleged by Plaintiffs. The Board of University and School Lands filed its Brief in Opposition to Plaintiffs’ Motion for Summary Judgment on June 14, 2019. Also filed on June 14, 2019 where the State Engineer’s Response to Brief in Opposition to Plaintiffs’ Motion for Summary and the Response of EOG Resources, Inc., to Plaintiffs’ Motion for Summary Judgment. MEMORANDUM TO THE BOARD OF UNIVERSITY AND SCHOOL LANDS

September 09, 2020

RE: Repayment of Unpaid Gas Royalties Update

(No Action Requested)

The North Dakota Board of University and School Lands (Board) manages land, minerals, and proceeds as trustee for the exclusive benefit of constitutionally identified beneficiaries, with much of the income going towards funding North Dakota schools and institutions. The Board also manages oil, gas and other hydrocarbons underlying sovereign lands for the State of North Dakota.

The Department of Trust Lands (Department) has persistently worked with operators to collect payment or establish escrow accounts for royalties from the production of minerals, in accordance with the Board's lease, rules, and policies. Royalty audits began in the late 1980's and a Revenue Compliance Division was created in 2011 to ensure that royalty and other collections made on behalf of the trusts and other funds are complete and accurate.

A letter regarding Formal Notification of Gas Royalty Repayment Obligations dated February 11, 2020 (February 2020 Letter), was sent to all entities required to pay royalties to the Board pursuant to the Board's lease. The February 2020 Letter advised all entities who have been deducting post production costs from royalty payments made to the Department that they have been underpaying royalties, contrary to the terms of the Board's lease. Entities were advised that penalties and interest continue to accrue on any unpaid amounts in accordance with the Gas Deduction Compliance Notification until payment is received. On April 8, 2020, the Board extended the date to come into compliance with gas royalty payments, as outlined in the February 2020 Letter, to September 30, 2020.

Over the course of the past several months, the Department has been working with payors who have been deducting post production costs from royalty payments made to the Department to ensure that they are in compliance with the terms of the Board's lease.

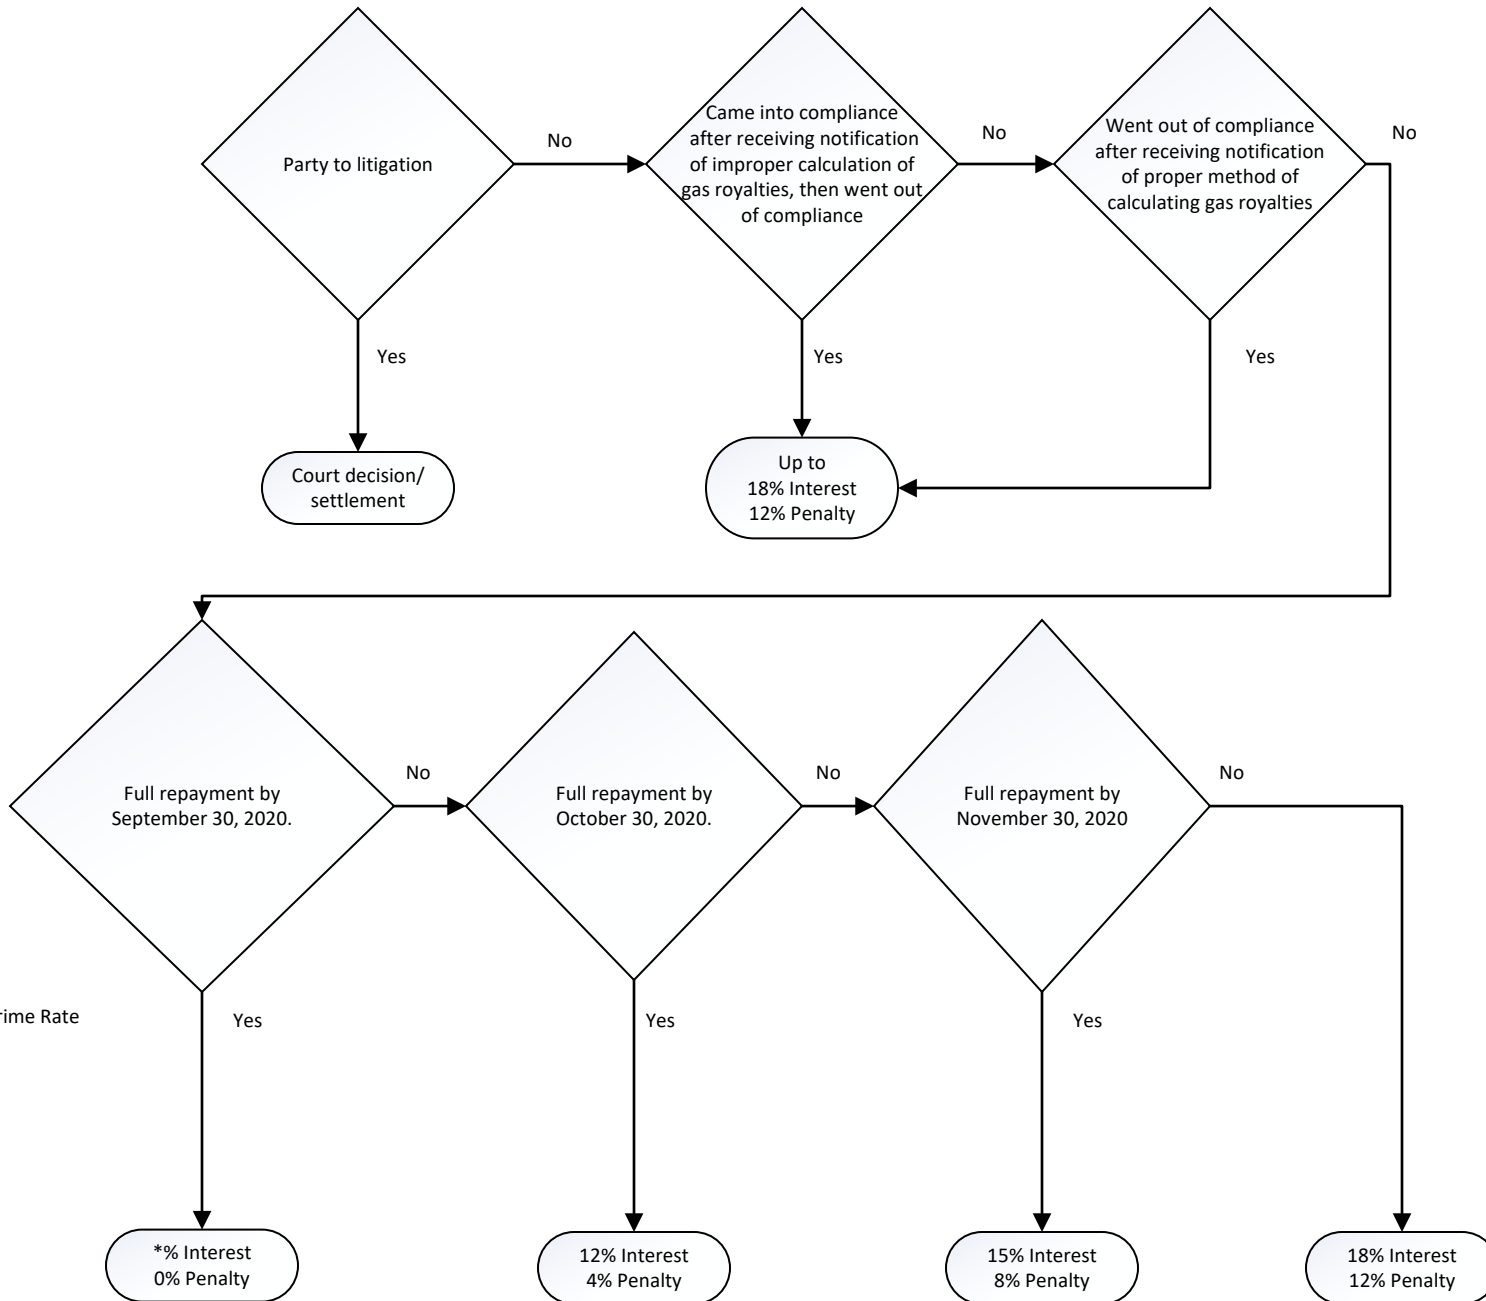

- Twenty-one payors have requested royalty data to assist in repayment calculations.
- Eight gas payors, who were originally identified as out of compliance, have successfully repaid the Department.
- One gas payor who was not audited but received the February 2020 Letter determined it was not paying the state per the terms of the Board's lease and came into compliance.
- One gas payor is in the final phase of confirming with the Department the principal amount owed to the Board.
- One payor has asked to enter into a payment agreement. The Department worked with the Attorney General's Office to draft the agreement. The payor is currently reviewing the terms of the agreement.
- One payor repaid deductions going back to October 2013 and requested an extension to November 30, 2020 to repay royalties pre-dating October 2013. As this payor has been working with the Department, the extension request was approved pursuant to the guidance the Board provided the Department on April 8th.
- Three payors have entered into bankruptcy; thus, court involvement is required.
- Ten payors have indicated they are working towards coming into compliance by September 30, 2020.

Attachment 1 outlines the repayment schedule provided to payors with the April 16, 2020 letter.

Procedures for Executive Session regarding Attorney Consultation and Consideration of Closed Records

Overview

- 1) The governing body must first meet in open session.
- 2) During the meeting's open session the governing body must announce the topics to be discussed in executive session and the legal authority to hold it.
- 3) If the executive session's purpose is attorney consultation, the governing body must pass a motion to hold an executive session. If executive session's purpose is to review confidential records a motion is not needed, though one could be entertained and acted on. The difference is that attorney consultation is not necessarily confidential but rather has "exempt" status, giving the governing body the option to consult with its attorney either in open session or in executive session. Confidential records, on the other hand, cannot be opened to the public and so the governing body is obligated to review them in executive session.
- 4) The executive session must be recorded (electronically, audio, or video) and the recording maintained for 6 months.
- 5) Only topics announced in open session may be discussed in executive session.
- 6) When the governing body returns to open session, it is not obligated to discuss or even summarize what occurred in executive session. But if "final action" is to be taken, the motion on the decision must be made and voted on in open session. If, however, the motion would reveal "too much," then the motion can be abbreviated. A motion can be made and voted on in executive session so long as it is repeated and voted on in open session. "Final actions" DO NOT include guidance given by the governing body to its attorney or other negotiator regarding strategy, litigation, negotiation, etc. (See NDCC §44-04-19.2(2)(e) for further details.)

Recommended Motion to be made in open session:

Under the authority of North Dakota Century Code Sections 44-04-19.1 and 44-04-19.2, the Board close the meeting to the public and go into executive session for purposes of attorney consultation relating to:

- **Newfield Exploration Company et al Civ. No. 27-2018-CV-00143**
